

# O'Key & Playaround Organ Features

The keyboards of the future!

- \* Jump 2 octaves with the flip of a switch
- \* All notes pressed play at the same time
- \* Covers 5 octaves or 60 piano keys
- \* Play chords that span many octaves
- \* Notes are crystal controlled and tuned to a standard piano keyboard
- \* Earphone jack for private listening
- \* Overlays make playing easy by showing only the notes needed to play a song
- \* Touch ring allows for sightless playing, even with overlays
- \* Auto off to conserve battery (3 AA batteries NOT included) - any note turns organ back on
- \* Can play any chord ever written for piano or organ
- \* Loudness control on side for quick changes and fading
- \* Overlays can be printed on standard computer printer
